A ski town that is also an authentic ranching center, Steamboat Springs is more down home than glitzy. Cowboy hats and ski boots are equally welcome on the city's friendly streets. Steamboat Springs is one of Colorado's largest ski resorts and offers an excellent variety of outdoor and indoor recreation for all ages. After a long day playing in the snow or in-town, you can relax in one of the natural hot springs for which the town was named. The Steamboat Ski Area is comprised of six peaks filled with world-class groomed cruisers, bumps, steeps, open meadows, legendary tree skiing, and several terrain parks.

LODGING: The Dulany at the Gondola: Located just steps from the slopes and including luxuries such as fine furnishings, private balconies and slopeside ski valet service, Dulany at the Gondola is one of the most desirable ski-in properties in the winter wonderland of Steamboat Springs. Its proximity to Steamboat's base area and the many highly-recommended restaurants and shops means that you'll never have to stray very far from the complex. First-time skiers and parents with children will love the ski school within walking distance. The outdoor hot tubs allow you to soothe your muscles after a day on the slopes.
